

Project Name:

Mascoutah Roads

Location:

Mascoutah, IL

Owner:

City of Mascoutah

Date:

Fall 2014

Product:

AllianceGeo BX2020 (25,000 SY)

Civil Engineer:

Oates Engineering

Application / Problem Description:

Working platform for asphalt pavements. The geogrid was used on both Harnett Road and Fuesser Road in Mascoutah.

Solution:

An alternative geogrid to that originally specified was used for this project. The Engineer approved the AllianceGeo BX2020 geogrid based on it providing the same performance benefit at a significantly lower cost.
